Capture.

Use Tabulera's predefined formats to easily capture carrier and vendor accounts payable invoices

LEARN MORE

Consolidate.

Combine the captured carrier list-bills and generate self-bills into a single monthly invoice

LEARN MORE

Publish.

Publish invoices to your accounting platform for payment to Tabulera or directly to carriers

LEARN MORE

Capture invoices

Free up your HR

Redeploy time saved by Tabulera to analyze data rather than dealing with manual processes.

- Launch quickly
- Maintain compliance
- Ensure data accuracy
- Free up your HR team

How invoice capture works?

Tabulera bots navigate carrier websites or your enrollment platform to execute predefined workflows. Eliminate repetitive tasks, spreadsheets and validate data.

Discover a toolset for modern HR teams

Equip your understaffed HR team with tools to work remotely, capture data automatically and create streamlined infrastructure.

Trusted by:

KOFAX · Vensure HR · ELD Benefits · ADP Outsourcing · Southern California Edison · RISK · OpenSales

Consolidate invoices

Receive a single monthly invoice

Whether your carrier requires a list or a self-bill format, Tabulera can combine these invoices into a single consolidated invoice for later processing, such as:

- Making carrier payments
- Reconciling
- Publishing to your GL

Your consolidated invoice reflects all of your benefit plan amounts including premium amounts for each employee and every carrier.

Publish invoices

Accounts Payable

Send your captured invoices directly to your AP accounting platform or let Tabulera pay these invoices on your behalf.

General Ledger

Record general ledger journal entries for each invoice and specify the level of detail to map to your chart of accounts.
