Watch How Tabulera Helps Benefit Teams With Premium Administration

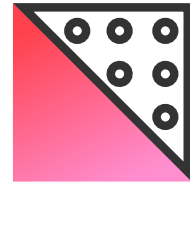

Turns out, you can do it all

Tabulera's cloud-based software solution centralizes the entire back-office employee benefit billing and payment process into one secure tool.

Connect

Have all your benefits data in one place. Fewer systems to manage - less space for errors.

Reconcile

Spend no time identifying variances between enrollment, carrier bills and payroll.

Pay

Pay a single bill for all your benefit plans. Tabulera will distribute to carriers automatically.

Automation modules for every step of benefits premium administration:

A suite of applications for automating the entire benefits back-office process:

Consolidated Invoicing

Get a single monthly invoice for all benefit plans

Benefits Reconciliation

Quickly find variances between invoices, enrollment and payroll

Payment Automation

Don't waste time distributing payments to carriers

EDI Connectivity

Accelerate your EDI creation process

How our clients streamlined benefit premium administration:

zumant HR Outsourcing

A group of employers eliminated benefits premium Write-Offs using Tabulera's Integrated Reconciliation module.

Read Case study

Vensure

Tabulera has delivered additional benefit administration infrastructure that would have taken years for us to create.

A new way for Benefits and Accounting teams to work together

Tabulera allows Benefits and Accounting teams to get everything they expect from a modern benefits administration solution together with vital back office automation that increases efficiency and streamlines processes at scale.

Work as a team

Use Tabulera as a common tool to manage and resolve data discrepancies, avoid costly mistakes and reduce manual processes related to benefits premium administration.

Leave an audit trail

Eliminate spreadsheets and track open items to resolution. Allow your team to establish a control environment with Tabulera.

Data security you can trust

Tabulera's corporate infrastructure is designed to ensure that your corporate, payroll and benefits data is securely maintained, accessed and monitored.
